All runners must complete the location orienteering which precedes the main course. The length of the location orienteering is 2,5 km.

Competition sequence:

Location orienteering -> orienteering -> prone shooting (10 shots) -> orienteering -> standing shooting (10 shots) -> finish

Competitors must hand out the location orienteering map at the changing point in the end of the location orienteering. There they will be given a new map for standard orienteering. Orienteering begins right after the location orienteering without the time being paused. At the changing point will be control nr. 200 which must be punched.

After the prone shooting there will be a short orienteering loop and then the standing shooting. Controls numbering in the short loop continues from the main course.
